2022 ANNUAL REPORT

ACAAM.ORG

The year 2022 was one of significant transition for ACAAM, but that didn't stop the organization and its leaders from making progress in several strategic areas. In the coming pages, we hope you will review some of the organization's efforts compiled By the Numbers. While not all accomplishments are quantifiable using numbers, we are proud to share these with you. We greatly appreciate the support from so many in 2022 and look forward to moving forward in 2023.
